Announcement of Organizational Changes

In order to strengthen INPEX's business framework to implement INPEX Vision 2035 and achieve net Zero by 2050, we are pleased to announce that INPEX will conduct a major organizational change effective April 1, 2025 (The reorganization was also disclosed on our company website on February 17, 2025).

As a result of this organizational change, the Logistics & IMT Division will be changed as follows:

1. Change to the Logistics & Insurance Unit

(previous name) Logistics & Insurance Unit

(new name) Supply Chain Unit

*Reorganized into an unit under the direct control of the president to strengthen functions as a division that carries out procurement and insurance arrangements for the entire company's businesses.

2. Changes to the Information Management & Technology Unit

(previous name) Information Management & Technology Unit

(new name) Digital Technology Unit

*Transferred to the Technical Headquarters (current Technical Division) to strengthen digital strategy implementation and technical support functions.

We will make every effort to ensure that the smooth execution of business with our business partners will not be hindered. Thank you for your understanding and for your continued support. If you have any questions, please contact the following point of contacts.

Sincerely,
